STUDENT TESTIMONIALS

"I loved the filming, the raw emotion we can all sympathize with. It left you pondering the question while effectively setting you up to wonder towards the truth."

"It showed the conversation we sometimes have with God. Are you there? Where are you? Reveal yourself to me? It went through the questions that are common throughout our walk with God. It shows us how God is everywhere and in everything."

"I liked how the video addressed questions that many people ask while giving clear and thought out answers to those questions. I thought that it explained the topic very well."

"...as a struggling Christian believer I had those questions myself and felt the same way the video made me feel today."

"...to the point, biblically rooted and artistically pleasing to the eye. It really gets you thinking..."
